re: UPDATE Declinations ALL

Regarding: ALL vaccinations, titers, mandates and unconstitutional violations of personal self-liberties.

To Whom It May Concern,

I am declining the flu, Covid, MMR, Pertussis, Hepatitis, and all other vaccinations, titers, mandated injections, especially the use of technically classified 'experimental drugs', and all similarly classed, due directly to my faith.

In addition to the former, I do NOT consent to an intrusion of my personal being, neither by skin and orifice, nor by needle nor plastic, in accordance with my personal faith and belief, to submit to mandatory testing. I reserve the absolute right over my person to testing on a voluntary basis alone and not contingent upon mandate, requirement, nor direct threat to my job.

I take my faith very seriously, wholly based upon the inspired Word of God as found in the Bible (2 Tim. 3:16, 17) and applied by personal conviction and faith. I seek to honor my faith and obey my God (Js. 4:17) by living out all such realities. I am convinced I am to keep my entire being '*blameless and pure*' to the best of my abilities and under the sight of my Lord (1 Thess. 5:22, 23). In living this faith, I seek all areas of my life (1 Cor. 6:19, 20) to conform and apply biblical precepts and teachings regarding my spiritual and physical well-being, both in the physical present and the eternal future.

Please note, no man will give an account, nor a signed statement, justifying my belief, faith and personal position before Almighty God. My mediator is the Lord Jesus Christ alone, by grace and through faith, unto my salvation, faith, assurance and standing in faith and practice before God. For proof of this statement, refer to the Bible in its true, right and perfect context.

Sincerely,
